

Phase 2: Digicio Page Section Blueprint

Scope: every page type → exact sections in order.

No copy yet (that's Phase 3). This doc tells the designer/dev what blocks to build per page.

Format: section name · purpose · key elements.

Homepage (/)

#	Section	Purpose	Key elements
1	Sticky nav	Wayfinding	Logo · Services (mega) · Industries (mega) · Case Studies · Insights · About · Book a Consultation (primary CTA) · Get a Quote (secondary)
2	Hero	Hook in 5s	H1 · 1-line subheadline · dual CTA · trust strip (3-4 client logos OR "Trusted by 50+ Canadian businesses")
3	Service grid (4 cards)	Route to pillar	One card per service — icon · value prop · "Learn more →"
4	Social proof bar	Trust	Client logos + Google/Clutch star rating
5	Why Digicio	Differentiation	4 pillars: Outcome-focused · Security-first · Canadian/PIPEDA-aware · TechForbs partner
6	Featured case studies	Proof	3 case study cards with measurable outcome above the client name
7	Industries served	Vertical relevance	5-tile grid linking to industry pages
8	How we work	Set expectations	5-step process: Discover → Design → Build → Launch → Support
9	By the numbers	Quant credibility	Projects delivered · years · uptime · NPS
10	Partner strip	Capability	TechForbs logo + one-liner
11	Latest insights	Topical freshness	3 latest blog posts

#	Section	Purpose	Key elements
12	Final CTA band	Conversion	"Ready to build something remarkable?" · dual CTA · NAP visible · calendar embed preview
13	Footer	Sitemap + NAP	Services · Industries · Locations · Company · Legal · Social · NAP

Service Pillar Page

The same blueprint applies to all 4 service pages.

#	Section	Purpose
1	Breadcrumb	Home › Services › {Service}
2	Hero	H1 (service + Canada/Ontario) · outcome subline · dual CTA · 3-4 client logos relevant to this service
3	Problem framing	"If you're dealing with X, Y, Z..." — 3-4 pain bullets
4	What we deliver	Outcome-led capability list (NOT feature list). 5-6 cards.
5	How we deliver	5-step horizontal timeline
6	Certifications & frameworks	Logos / badges: AWS Partner, Microsoft Partner, SOC 2, ISO 27001, PIPEDA, etc.
7	Tech stack	Logos: AWS, Azure, Power BI, etc. — only what's relevant to this service
8	Case study spotlight	One mini case study tied to this service + measurable result + link to full case
9	Who this is for (Industries)	5 industry tiles linking to industry pages
10	Package / engagement model (optional)	3-tier card layout: Starter / Pro / Enterprise · what's included · "Starting at \$X" or "Custom"
11	FAQ	8 questions, schema-marked
12	Local relevance strip	"Serving Mississauga, Toronto, GTA & all of Ontario" + link to /locations/

#	Section	Purpose
13	Final CTA band	Dual CTA + calendar preview + phone + NAP
14	Related insights	3 latest posts from this silo

Industry Page (e.g., [/financial-services](#))

#	Section	Purpose
1	Breadcrumb	Home › Industries › {Industry}
2	Hero	Vertical-specific H1 · outcome promise · dual CTA
3	Industry challenges	4-6 problems unique to this vertical
4	Our approach for {industry}	How Digicio addresses the above
5	Recommended services for {industry}	Top 2-3 services with cards linking to service pillars
6	Compliance & frameworks relevant	(FinServ: OSFI B-13, PIPEDA · Insurance: AODA, privacy · Education: PHIPA, FIPPA)
7	Case studies in this vertical	Pulled by tag from /case-studies/
8	Why Digicio for {industry}	3-4 differentiators specific to the vertical
9	Industry-specific FAQ	6-8 Q's, schema-marked
10	Trust signal block (YMYL verticals only)	Named principal + credentials + last-reviewed date (for FinServ + Insurance)
11	Final CTA	Vertical-tailored: "Schedule a {industry} review"

Insights / Blog Post ([/insights/{slug}](#))

#	Section	Purpose
1	Breadcrumb	Home › Insights › {Category} › {Post}

#	Section	Purpose
2	Post header	H1 · author byline w/ photo · datePublished · dateModified · category · reading time
3	Featured image	With descriptive alt text
4	Intro (TL;DR or summary box)	3-4 lines — what the reader will learn
5	Body	H2/H3 hierarchy, short paragraphs, scannable
6	Pull quote or stat callout	At least 1 quotable expertise statement (≤40 words) for AI citation
7	Author bio strip (inline)	Photo · 2-line bio · links to author archive
8	Related service CTA	"Need help with this? See our {service} services →"
9	Newsletter signup	Email capture
10	Related posts	3 cards from same category

About — Index (</about-digicio>)

#	Section	Purpose
1	Hero	"About Digicio" + 1-line mission statement
2	Our story	2-3 paragraphs — founding, what makes us different
3	What we believe	4-5 principles (Capability · Delivery · Value · etc.)
4	Leadership preview	3-4 leader cards with photo + name + role → links to /about-digicio/team/{name}
5	Partner network	TechForbs + others, logos + 1-liner each
6	By the numbers	Same stats block as homepage (consistency)
7	Office & location	Map + Mississauga photo
8	Final CTA	"Talk to our team"

Team Member Page (/team/{slug})

#	Section
1	Breadcrumb
2	Hero: name · role · headshot · short tagline
3	Bio (2-3 paragraphs)
4	Credentials & certifications (logos / badges)
5	Areas of expertise (links to services they lead)
6	Recent talks / podcast appearances / publications
7	Social links
8	Representative case studies (2-3 cards)
9	"Book a chat with {Name}" — calendar embed

Contact Page (/contact-us)

#	Section	Purpose
1	Hero	"Talk to our team" + dual CTA
2	Two clear paths	Side-by-side cards: "Book a consultation" (calendar) · "Request a quote" (form)
3	Office details	Address · phone · email · hours · Google Map embed
4	General contact form	Name · email · company · message · honeypot · reCAPTCHA
5	What happens next	3-step "we'll respond within 1 business day" block
6	Social links	
7	NAP repeat in footer	

Process Page (/process)

#	Section
1	Hero — "How we deliver"
2	Discover step — what happens, deliverables, duration
3	Design step
4	Build step
5	Launch step
6	Support step
7	Engagement models block — Project · Retainer · Staff augmentation
8	Final CTA

FAQ Hub (/faq)

#	Section
1	Hero — "Frequently asked questions" + search
2	Categories — Services · Pricing · Process · Security · Compliance · Working with us
3	Accordion list per category — 5-8 Q's each, FAQPage schema'd
4	Still have questions? CTA to contact

Legal Pages (Privacy / Terms / Cookie / Accessibility)

Each follows the same minimal pattern:

#	Section
1	Page title
2	Last-updated date
3	Plain-language summary box (1-2 paragraphs)

#	Section
4	Full legal content (H2 sections)
5	Contact for legal/privacy/accessibility questions
